

INTRODUCTION

DIGITAL MARKETING

Digital Marketing refers to the practice of promoting products or services using digital technologies and platforms. It involves various strategies and techniques to reach and engage with a target audience online.

As a part of Digital marketing Internship, we got to do a project in a team of 5 members, the goal of Digital marketing Internship is to increase Brand Awareness, Double - Website traffic; generate leads and ultimately, boost sales and business growth of the company allocated to us.

OVERVIEW

(2)

As a part of our Digital marketing Internship from the Smart Bridge, we ought to do a comprehensible Project for Digital-marketing in which we were allotted with the topic "FAB INDIA". This Project report Summarized the objectives, strategies, results and challenges of the Digital marketing Project conducted by our team for FABINDIA.

The comprehensible Digital marketing for FABINDIA included, Brand Study, Competitor Analysis & Audience Persona. It also consists of SEO & Keyword Research - Analysis. It also contains Content ideas and Marketing Strategies & Content & curation.

PURPOSE OF THE PROJECT.

The main goal of this Project is to increase the online presence and visibility of the brand, products and services. We used various strategies and tools such as SEO, social media, email marketing, content creation, and analysis to achieve this goal. We also monitored & measured the performance and impact of our digital marketing efforts using key metrics and indicators.

This Project will help FABINDIA Co to reach new customers, engage existing ones and grow the business in the competitive digital landscape.

LITERATURE SURVEY

- * literature · Survey of Digital marketing Project . is a systematic · Review of the Existing Research and Publications on the topic of digital marketing . It aims to identify the main themes , methods , challenges and opportunities in the field , as well as to provide a critical analysis of the Strength and Weaknesses of the Current Knowledge .
- * literature · Survey of digital marketing Project can help . to define the research . Problem , formulate the research questions . , and Justify . the research objectives and methodology .

EXISTING PROBLEM

One of the main challenges in the digital marketing Project is to increase the conversion rate of website visitors. We propose to implement a personalized recommendation system that will suggest relevant products or services to each visitor based on their browsing history, preferences and behaviour. This way, we can increase the engagement and loyalty of our customers, as well as the revenue of our business. Other problems may include lack of clear and consistent communication among the team members. This leads to confusion, delays, and errors in the execution of the tasks.

PROPOSED SOLUTION

* Possible Solution for the Existing Problem of digital marketing Project is to use a data-driven approach that leverages the latest tools and techniques in the field. By analysing the customer behaviour, preferences, and feedback, we can design & implement a personalized and effective marketing campaign that meets their needs and expectations. This way, we can increase the conversion rate, retention rate, and customer satisfaction, as well as reduce the cost and time of the project.

To address the issue, we need to establish a regular and effective communication channel.

HARDWARE / SOFTWARE DESIGNING

The Software Design - Process for a digital marketing project involves several steps such as choosing the appropriate platforms and channels to reach the target audience, such as website, social media, email or mobile apps.

Creating a user interface (UI) and user experience (UX) design that is attractive, intuitive and engaging for the target audience, such as using colours, fonts, images or animations. Here, I used CANVA for designs and VN Editor for video editing.

Developing a content strategy that delivers relevant information to target audience. Such as using keywords, headlines & calls to action.

ADVANTAGES & DISCHARGES.

11

Digital marketing has several advantages and disadvantages compared to traditional marketing methods.

ADVANTAGES

It can reach a large and global audience at a low cost.

It can be easily measured and analyzed using various tools and metrics.

It can be customized & personalized to target specific segments or niches.

It can enhance customer engagement & loyalty through interactive & creative content.

Defining the goals & objectives of the project, such as increasing brand awareness, generating leads or improving customer loyalty.

Identifying the target audience and their needs, preferences, & behaviors. Such as demographics, psychographics, or online habits.

The appropriate channels we choose for audience reach are Facebook Ads, Meta Business Suite, Instagram Advertising for Email Marketing I chose mailchimp and Klaviyo. For SEO, the platforms were SEOptimer SEMrush and ubersuggest.

Testing and evaluating the software design before launching it, such as using analytics, feedback, or usability testing.

DISADVANTAGES

13

It can be affected by technical issues, such as slow loading, broken links, or security breaches.

There is a possibility of not reaching to some members as there may be no internet connection to some areas.

It can face high competition and clutter from other online sources.

It can be vulnerable to negative feedback or reviews from dissatisfied customers or competitors.

It can raise - ethical and legal - concerns, such as privacy spam, or plagiarism.
